ordinary trees and shrubs, crafted by a system of pruning roots and branches and training branches by tying with wire. A single bonsai may only be a foot tall, but looks identical to a full-grown tree. This book is essential to anyone wishing to pursue the ancient art, with invaluable advice to ensure the trees are kept alive and healthy. Bonsai outlines the constant and proper care that will allow the bonsai to blend with its container in a natural and aesthetically pleasing manner. Everything from watering to wiring, placement to pruning, and specialist advice on individual species such as maples and pines is fully explained. Learn about this special oriental art from an acknowledged expert and
