New Testament Greek Primer has established itself among Greek instructors as a popular and dependable guide to the Greek of the New Testament, appreciated for its accuracy, coverage, and well-designed exercises. Students appreciate easy-to-read explanations, English grammar bridges, user-friendly layout, and copious tables, charts, and indexes. Retaining the basic form and content, the third edition builds on this solid reputation with enhanced discussion, organization, examples, and exercises. The appendix on English grammar aids English-challenged students. Pictures from the author's extensive travel overseas illustrate the ancient Greco-Roman context of the Greek New Testament. Other resources include language lessons elaborating translation and morphology issues, convenient vocabulary reviews anticipating vocabulary exams, an answer key, and indexes of vocabulary, principal parts, paradigms, and subjects. The method is deductive and the goal focused on grammar and exegesis. An early emphasis on the noun system transitions to the principal parts of the verb, followed by moods, infinitives, and participles. Two lessons on the MI-verb system conclude the work. Examples and exercises are taken directly from the Greek New Testament.

Maximize your score on the TOEIC Listening-Reading test! Now you have these 41 recommendations that will improve both your TOEIC and English skills before the exam. This guide includes test-taking strategies, expert tips, and up-to-date test information so you can maximize your TOEIC Listening and Reading score. heartwarming, compelling, and utterly moving story of love, loss, and the complexity of human emotion. Thirteen-year-old Salamanca Tree Hiddle, proud of her country roots and the "Indian-ness in her blood," travels from Ohio to Idaho with her eccentric grandparents. Along the way, she tells them of the story of Phoebe Winterbottom, who received mysterious messages, who met a "potential lunatic," and whose mother disappeared. As Sal entertains her grandparents with Phoebe's outrageous story, her own story begins to unfold—the story of a thirteen-year-old girl whose only wish is to be reunited with her missing mother.

Drawing from his long teaching experience, Gerald Stevens has successfully produced a comprehensive and clear Biblical Greek grammar for beginners and students of the New Testament. The book presents a practical format for learning, with full indexes and a number of illustrations. Exercises are included within the text, and the answer key is followed by indexes that include vocabulary, principal parts, paradigms and subjects. An appendix of English grammar helps the student link the two languages.

This first book in a new vocabulary series makes vocabulary fun and accessible by incorporating interactive exercises and high interest reading, with topics ranging from movies to books and from personalities to politics. The readings keep readers interested while showing how vocabulary is used in the context of a larger reading passage. An accompanying interactive CD-ROM features an audio component to aid in pronunciation and interactive exercises. Thematic readings open every chapter, making the material interesting and engaging. In addition, two of the chapters focus on word parts. For English majors and anyone interested in vocabulary.

In a future where the Population Police enforce the law limiting a family to only two children, Luke, an illegal third child, has lived all his twelve years in isolation and fear on his family's farm in this start to the Shadow Children series from Margaret Peterson Haddix. Luke has never been to school. He's never had a birthday party, or gone to a friend's house for an overnight. In fact, Luke has never had a friend. Luke is one of the shadow children, a third child forbidden by the Population Police. He's lived his entire life in hiding, and now, with a new housing development replacing the woods next to his family's farm, he is no longer even allowed to go outside. Then, one day Luke sees a girl's face in the window of a house where he knows two other children already live. Finally, he's met a shadow child like himself. Jen is willing to risk everything to come out of the shadows—does Luke dare to become involved in her dangerous plan? Can he afford not to?

It's late summer 1793, and the streets of Philadelphia are abuzz with mosquitoes and rumors of fever. Down near the docks, many have taken ill, and the fatalities are mounting. Now they include Polly, the serving girl at the Cook Coffeehouse. But fourteen-year-old Mattie Cook doesn't get a moment to mourn the passing of her childhood playmate. New customers have overrun her family's coffee shop, located far from the mosquito-infested river, and Mattie's concerns of fever are all but overshadowed by dreams of growing her family's small business into a thriving enterprise. But when the fever begins to strike closer to home, Mattie's struggle to build a new life must give way to a new fight—the fight to stay alive.
