In todayand ' s fast-paced and ultra-competitive high-tech environment, an effectively managed patent licensing program is a must. The Second Editio n of Drafting Technology Patent License Agreements shows you how to achieve one. This valuable resource covers all of the legal and business transactional issues you are likely to encounter during the drafting and negotiation of patent licensing agreements. It guides you step-by-step through the unique aspects of the implementation of a patent licensing program for computers, electronics, telecommunications, and other industries, and it clarifies the issues involved in the enforcement and litigation of these patents. Youand ' ll find incisive legal analysis on complex issues including: How to implement an aggressive and well-managed patent licensing program How to evaluate a patent or portfolio for licensing How to identify industry segments and select potential licensees How to discuss terms with industry targets How to formulate an effective licensing strategy How to use databases effectively in patent practice How to organize a licensing team How to file a patent infringement lawsuit And many more critical issues like these. Included with this key resource are 40 time-saving forms on the bonus CD-ROM: Forms for establishing a new technology company using patented technology Confidentiality agreements (for a third-party vendor, third party evaluation, or consultant) A projected royalty stream analysis A semiconductor technology cross-licensing agreement Software technology license agreements Model licensing and patent agreements for the telecommunications industry And many more!

The electronic age is bringing sweeping changes to entertainment and media of all kinds, including publishing, broadcasting and film. Multimedia, the Internet and other digital media outlets for entertainment and information are being refined at a rapid rate. Media giants are merging and making big acquisitions. This book covers these exciting developments and provides profiles on hundreds of leading firms in film, radio, television, cable, new media, and publishing of all types including books, magazines and newspapers. It contains thousands of contacts for business and industry leaders, industry associations, Internet sites and other resources. You'll get in-depth profiles of nearly 400 of the world's top Entertainment & Media firms: our own unique list of companies that are the leaders in this field. Here you'll find complete profiles of the hot companies that are making news today, the largest, most successful corporations in all facets of the Entertainment and Media Business, from broadcasters to film production companies, casino operators to theme park companies, publishers of books and magazines to video game designers, and much more. Our corporate profiles include executive contacts, growth plans, financial records, address, phone, fax and much more. This innovative book offers unique information, all indexed and cross-indexed more for each firm! Our industry analysis section provides an exceptional discussion of business and market trends. The book includes statistical tables covering revenues for several industry sectors. Purchasers of either the book or PDF version can receive a free copy of the company profiles database on CD-ROM, enabling key word search and export of key data.

Does the soaring price of cable and satellite TV have you down? This easy-to-use guide helps you cut the cord to those expensive services, while providing a tour of the best software, hardware and services so you can watch the TV shows and movies you want. "Your Guide to Cutting the Cord" helps make the process painless, while also including essays by Dan Reimold and Seth Shapiro and deeper thoughts on how the rise of Netflix, Hulu, Roku, Apple TV, Amazon and other streaming services will change .

The yearly volumes of Censored, in continuous publication since 1976 and since 1995 available through Seven Stories Press, is dedicated to the stories that ought to be top features on the nightly news, but that are missing because of media bias and self-censorship. The top stories are listed democratically in order of importance according to students, faculty, and a national panel of judges. Each of the top stories is presented at length, alongside updates from the investigative reporters who broke the stories.

This new almanac will be your ready-reference guide to the E-Commerce & Internet Business worldwide! In one carefully-researched volume, you'll get all of the data you need on E-Commerce & Internet Industries, including: complete E-Commerce statistics and trends; Internet research and development; Internet growth companies; online services and markets; bricks & clicks and other online retailing strategies; emerging e-commerce technologies; Internet and World Wide Web usage trends; PLUS, in-depth profiles of over 400 E-Commerce & Internet companies: our own unique list of companies that are the leaders in this field. Here you'll find complete profiles of the hot companies that are making news today, the largest, most successful corporations in all facets of the E-Commerce Business, from online retailers, to manufacturers of software and equipment for Internet communications, to Internet services providers and much more. Our corporate profiles include executive contacts, growth plans, financial records, address, phone, fax, and much more. This innovative book offers unique information, all indexed and cross-indexed. Our industry analysis section covers business to consumer, business to business, online financial services, and technologies as well as Internet access and usage trends. The book includes numerous statistical tables covering such topics as e-commerce revenues, access trends, global Internet users, etc. Purchasers of either the book or PDF version can receive a free copy of the company profiles database on CD-ROM, enabling key word search and export of key information, addresses, phone numbers and executive names with titles for every company profiled.
