“ What the future fortunes of [Gramsci ' s] writings will be, we cannot know. However, his permanence is already sufficiently sure, and justifies the historical study of his international reception. The present collection of studies is an indispensable foundation for this. ” —Eric Hobsbawm, from the preface Antonio Gramsci is a giant of Marxian thought and one of the world's greatest cultural critics. Antonio A. Santucci is perhaps the world's preeminent Gramsci scholar. Monthly Review Press is proud to publish, for the first time in English, Santucci ' s masterful intellectual biography of the great Sardinian scholar and revolutionary. Gramscian terms such as “ civil society ” and “ hegemony ” are much used in everyday political discourse. Santucci warns us, however, that these words have been appropriated by both radicals and conservatives for contemporary and often self-serving ends that often have nothing to do with Gramsci ' s purposes in developing them. Rather what we must do, and what Santucci illustrates time and again in his dissection of Gramsci ' s writings, is absorb Gramsci ' s methods. These can be summed up as the suspicion of “ grand explanatory schemes, ” the unity of theory and practice, and a focus on the details of everyday life. With respect to the last of these, Joseph Buttigieg says in his Nota: “ Gramsci did not set out to explain historical reality armed with some full-fledged concept, such as hegemony; rather, he examined the minutiae of concrete social, economic, cultural, and political relations as they are lived in by individuals in their specific historical circumstances and, gradually, he acquired an increasingly complex understanding of how hegemony operates in many diverse ways and under many aspects within the capillaries of society. ” The rigor of Santucci ' s examination of Gramsci ' s life and work matches that of the seminal thought of the master himself. Readers will be enlightened and inspired by every page.

Ten essays by British, US, and Canadian academics explore popular books, films, and television shows for clues to the meanings of youth representation in American culture. Drawing on a framework of ideas from cultural and social theory, they consider themes such

as race, class, gender, power, and sexuality as well as the ideological nature of youth and its centrality to American popular culture. Originally published in 2000 as *The Radiant Hour: Versions of Youth in American Culture* (U. of Exeter Press). Annotation : 2004 Book News, Inc., Portland, OR (booknews.com).

Taking the title from an American studies course at the University of Derby, scholars and writers there and in North America enter the debate over the meanings of youth representation in American culture, emphasizing the ideological nature of youth and its centrality to a complex reading of popular culture. The eight essays examine issues of gender, race, and sexuality as central to the construction of youth identity and to the other significant relationships between youth and authority. Distributed in the US by David Brown Book Company. c. Book News Inc.

Runner-up for the British Association of Film, Television and Screen Studies Best Book Prize 2015 *Beyond the Screen* presents an expanded conceptualization of cinema which encompasses the myriad ways film can be experienced in a digitally networked society where the auditorium is now just one location amongst many in which audiences can encounter and engage with films. The book includes considerations of mobile, web, social media and live cinema through numerous examples and case studies of recent and near-future developments. Through analyses of narrative, text, process, apparatus and audience this book traces the metamorphosis of an emerging cinema and maps the new spaces of spectatorship which are currently challenging what it means to be cinematic in a digitally networked era.

Packed with more than 65 color photos of Joey, Dawson, Pacey, and Jen, this book includes actor bios, "Dawson's Creek" trivia, and listings of the music played on the show and quotable lines.

Filled with photographs from the movie as well as behind the scenes, interviews with cast and crew, and exclusive information about the making of the movie, the official companion book to the major motion picture from Paramount Pictures and Nickelodeon Movies offers *Spiderwick* fans a chance to go behind the scenes of this fantastical movie. Original.
