Days Athanassakis Hesiod

Introducing his celebrated translations of these two poems and of the Shield, a very ancient poem of disputed authorship, Apostolos Athanassakis positions Hesiod simultaneously as a philosopher-poet, a bard with deep roots in the culture of his native Boeotia, and the heir to a long tradition of Hellenic poetry. For this eagerly anticipated revised edition, Athanassakis has provided an expanded introduction on Hesiod and his work, subtly amended his faithful translations, significantly ...

Hesiod: Theogony, Works and Days, Shield: WITH Works and ...

into Works and Days. Hesiod describes the blissful and ideal golden age, the disrespectful silver age, the violent bronze age, the heroic fourth age (including the Trojan War), and Hesiod's own iron age. Do you believe the world grows progressively worse?

Hesiod: Works and Days

Hesiod, Apostolos N. Athanassakis. Hesiod belongs to the transitional period in Greek civilization between the oral tradition and the introduction of a written alphabet. His two major surviving works, the Theogony and the Works and Days, address the divine and the mundane, respectively. The Theogony traces the origins of the Greek gods and recounts the events surrounding the crowning of Zeus as their king.

Creation Stories from Around the World Creation 2: Ancient ...

The Works and Days is a didactic poem written by the ancient Greek poet Hesiod around 700 BC. It is in dactylic hexameter and contains 828 lines. At its center, the Works and Days is a farmer's almanac in which Hesiod instructs his brother Perses in the agricultural arts. Scholars have seen this work against a background of agrarian crisis in mainland Greece, which inspired a wave of colonial expeditions in search of new land. In the poem Hesiod also offers his brother extensive moralizing advic

Hesiod: Athanassakis: Amazon.com.au: Books

Hesiod (/ ? h i? s i ? d, ? h ? s i ? d /; Greek: ??????? H?síodos, 'he who emits the voice') was an ancient Greek poet generally thought to have been active between 750 and 650 BC, around the same time as Homer. He is generally regarded as the first written poet in the Western tradition to regard himself as an individual persona with an active role to play in his subject.

For this eagerly anticipated revised edition, Athanassakis has provided an expanded introduction on Hesiod and his work, subtly amended his faithful translations, significantly augmented the notes and index, and updated the bibliography. --Johns Hopkins University Press.

Athanassakis has lightly improved his translation throughout the text, expertly balancing the natural flow of the verse while adhering closely to the literal Greek.

Already a classic, Hesiod: Theogony, Works and Days, Shield is now more valuable than ever for students of Greek mythology and literature.

Hesiod, who lived in Boetia in the late eighth century BC, is one of the oldest known, and possibly the oldest of Greek poets. His Theogony contains a systematic genealogy of the gods from the beginning of the world and an account of the struggles of the Titans. In contrast, Works and Days is a compendium of moral and practical advice on husbandry, and throws unique and fascinating light on archaic Greek society. As well as offering the earliest known sources for the myths of Pandora, Prometheus and the Golden Age, Hesiod's poetry provides a valuable account of the ethics and superstitions of the society in which he lived. Unlike Homer, Hesiod writes about himself and his family, and he stands out as the first personality in European literature. This new translation, by a leading expert on the Hesiodic poems combines accuracy with readability. It is accompanied by an introduction and explanatory notes. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

Drawing on the growing interest in Near Eastern literature and culture, and applying the insights of both traditional classical philology and the study of oral cultures, this companion offers a wide-ranging, update and comprehensive panorama of the current state of Hesiodic studies.

This new, annotated translation of Hesiod's "Works and Days" is a collaboration between David W. Tandy, a classicist, and Walter Neale, an economist and economic historian. Hesiod was an ancient Greek poet whose "Works and Days" discusses agricultural practices and society in general. Classicists and ancient historians have turned to "Works and Days" for its insights on Greek mythology and religion. The poem also sheds light on economic history and ancient agriculture, and is a good resource for social scientists interested in these areas. This translation emphasizes the activities and problems of a practicing agriculturist as well as the larger, changing political and economic institutions of the early archaic period. The authors provide a clear, accurate translation along with notes aimed at a broad audience. The introductory essay discusses the changing economic, political and trading world of the eighth and seventh centuries B.C.E., while the notes present the range and possible meanings of important Greek terms and references in the poem and highlight areas of ambiguity in our understanding of "Works and Days."
