# Where To Download Human Communication As

Narrative Paradigm is a communication theory conceptualized by 20th-century communication scholar Walter Fisher. The paradigm claims that all meaningful communication occurs via storytelling or

# Where To Download Human Communication As

reporting of events. Humans participate as storytellers and observers of narratives.

This theory further claims that stories are more persuasive than arguments. Essentially the narrative paradigm helps us to explain

how humans are able to  
understand complex  
information through  
narrative.
