This is a great account of life in Kuwait during the invasion. Thanks to some ingenuity, loyalty to friends and family, wise decisions, and being very observant, Jehan S. Wellborne Rajab and her family survived the Iraqi invasion of Kuwait, and then she told the tale - eloquently. This is a fascinating book and an admirable tale.

The invasion of Kuwait on 2 August 1990 was a two-day operation conducted by Iraq against the neighboring State of Kuwait, which resulted in the seven-month-long Iraqi occupation of the country. This invasion and Iraq's subsequent refusal to withdraw from Kuwait by a deadline mandated by the United Nations led to military intervention by a United Nations-authorized coalition of forces led by the United States. These events came to be known as the first Gulf War and resulted in the expulsion of I

In the form of a journal, this book tells the story of the author's experiences in Kuwait during the Iraqi invasion. Jehan Rajab chronicles her fight to preserve normality in the face of persecution and to save the Tareq Rajab Museum, her workplace, from destruction.

Named Best Book of the Year by the Financial Times, the Economist and the Atlantic In this definitive history of the modern Arab world, award-winning historian Eugene Rogan draws extensively on five centuries of Arab sources to place the Arab experience in its crucial historical context. In this updated and expanded edition, Rogan untangles the latest geopolitical developments of the region to offer a groundbreaking and comprehensive account of the Middle East. The Arabs is essential reading for anyone seeking to understand the modern Arab world. "Deeply erudite and distinctly humane."-Atlantic "An outstanding, gripping and exuberant narrative . . . that explains much of what we need to know about the world today."-Simon Sebag Montefiore, Financial Times

Yasmeena was an innocent abroad. She was a college educated, English-speaking flight attendant graced with an unusual amount of confidence and sophistication. She was also a virgin and a conservative Muslim daughter and sister. When Yasmeena's flight out of Kuwait was delayed, it was because Saddam Hussein had just invaded Kuwait. Iraqi soldiers threw her into a woman's prison where the guards committed ghastly sexual attacks and tortured the women in excruciating ways.

Muslim Diaspora identifies those aspects of migratory experience that shatter or reinforce a group ' s

attachment to its homeland and affect its readiness to adapt to a new country. The contributors to this collection examine many dimensions of life in the Diaspora and demonstrate that identity is always constructed in relation to others. They show how religious identity in diaspora is mediated by many other factors such as: Gender Class Ethnic origin National status A central aim is to understand Diaspora as an agent of social and cultural change, particularly in its transformative impact on women. Throughout, the book advances a more nuanced understanding of the notions of ethnicity, difference and rights. It makes an important contribution to understanding the complex processes of formation and adoption of transnational identities and the challenging contradictions of a world that is being rapidly globalized in economic and political terms, and yet is increasingly localized and differentiated, ethically and culturally. Muslim Diaspora includes contributions from outstanding scholars and is an invaluable text for students in sociology, anthropology, geography, cultural studies, Islamic studies, women ' s studies as well as the general reader.

A sophisticated investigation of the shifting tides of democratic governance in modern Kuwait from 1921 to the present based on interviews both with political activists and members of the political elite, *Stories of Democracy* sheds light on a wide array of issues concerning Middle Eastern politics and democratic institutions in general. Mary Ann T é treault explores how various political factions have sought to advance their own notions of Kuwaiti history and politics through distinctive popular appeals: (1) pro-democracy forces focusing on Kuwait's relationship to the universal values of the democratic world around them, and (2) anti-democrats proffering Arab and Muslim religious and cultural traditions. She explores how such dramatic events as the suspension of the Kuwaiti constitution in 1986 and the invasion by Iraq in 1990 occasioned major shifts in the course of the democracy movement. The current running through virtually all of the nation's political drama is the monolithic Kuwait Petroleum Corporation (KPC), used by the

government as an instrument of economic strength to safeguard sovereignty in the absence of military might.

The enfranchisement of women presents a significant challenge to Kuwait's traditional system of politics and tribe. This step in the democratisation process is, however, more likely to strengthen, rather than weaken, state control over domestic politics. Based on first-hand research and an extensive analysis of gender and politics spanning three decades, al-Mughni demonstrates how the relationship between women and the state has come to influence and shape Kuwaiti society and national politics. This revised edition has been updated in light of the major political, social and cultural changes that have resulted from the Iraqi invasion and the ensuing Gulf War. Changes which have reshaped the course of the women's movement over the last decade. It includes a new introduction as well as two new chapters on post-war feminist activism, the nature of the relationship between women and the state, the role of gender in Islamism and cultural politics and women's role during the Iraqi occupation. The diversity, dynamism and activism of Kuwaiti women are well represented throughout this study of a uniquely fascinating nation and people.

World news and events of the last 25 years are helping create a popular new market in collecting. This one-of-a-kind guide supplies valuable answers to questions about currency from the Middle East in an easy-to-follow format. *Coins & Paper Money of the Middle East* includes brief histories of various military operations, background about the 20+ affected countries and people, and more than 300 color illustrations of coins and paper money. Listings include contemporary and collectible coins, paper money, Safe Pass certificate, propaganda pieces and POGS. Each entry is arranged by country, complete with photos and caption and value, for easy and accurate identification. Whether soldier, collector, dealer, historian or a family member looking for details about new heirlooms, this is the absolute authority on Middle Eastern

currently.

During the 2003 war that ended Saddam Hussein's regime, coalition forces captured thousands of hours of secret recordings of meetings, phone calls and conferences. Originally prepared by the Institute for Defense Analyses for the Office of the Undersecretary of Defense for Policy, this study presents annotated transcripts of Iraqi audio recordings of meetings between Saddam Hussein and his inner circle. The Saddam Tapes, along with the much larger digital collection of captured records at the National Defense University's Conflict Records Research Center, will provide researchers with important insights into the inner workings of the regime and, it is hoped, the nature of authoritarian regimes more generally. The collection has implications for a range of historical questions. How did Saddam react to the pressures of his wars? How did he manage the Machiavellian world he created? How did he react to the signals and actions of the international community on matters of war and peace? Was there a difference between the public and the private Saddam on critical matters of state? A close examination of this material in the context of events and other available evidence will address these and other questions.

It all begins with an ad in the newspaper. When Jean Sasson, a young Southern woman living in Jacksonville Beach, Florida, answers a call to work in the royal hospital in Saudi Arabia, what should have been a two-year stay turns into a life-changing adventure spanning over a decade. Over the years Jean is plunged into the hidden lives of the veiled women in Riyadh, where women are locked in luxurious homes and fundamentalist mutawas terrorize the streets. Jean meets women from all walks of life--a feisty bedouin, an educated mother,
