The Culture Clash is special. Written in Jean's inimitably informal yet precise lecture style, the book races along on par with a good thriller. The Culture Clash depicts dogs as they really are - stripped of their Hollywood fluff, with their lovable 'can I eat it, chew it, urinate on it, what's in it for me' philosophy.

and training. I appreciate Donaldson's emphasis on the fact that dogs are animals, not anthropomorphic beings that understand human's sense of right and wrong! Dogs understand safe and dangerous in scenario-based experiences.
